

To reinforce our R&D team, we are seeking an

R&D development engineer trainee - Electronic product design

[all genders]

Vincotech is the go-to source for power modules that drive motion control, renewable energy, and power supply applications. We work hard to deliver off-the-shelf and made-to-order products to meet all our customers' needs.

Fast and flexible is our motto. Everything we do gets done with the future in mind. This is where you come in.

Join us, a successful market leader and reliable partner, to help build a better tomorrow with sustainable technologies. Let's make an impact together.

Headquartered in Unterhaching near Munich, we also own and operate a plant in Bicske, Hungary, and maintain sales offices around the world. Our global team of 700 people welcomes you to Vincotech, a Mitsubishi Electric Corporation company.

Your tasks:

- / Schematic drawings in Altium Designer
- / Simulation tasks in MultiSim, MatLab, LTSpice, PSpice and AnSys environments
- / Changing and designing simple circuit layouts
- / Drawing the footprint of components – non-encapsulated semiconductors
- / Designing simple measuring PCBs in Altium Designer
- / Preparation of documentation related to plans

Your credentials are persuasive. You have:

- / Full-time active/passive student status [electrical engineering, mechatronics or computer science engineering]
- / Communication-level command of English
- / An accurate and precise working style
- / Long-term commitment for 3 days/week
- / Familiarity with a design software

What we provide:

- / Long-term work prospects, development opportunities, real work experience
- / Independent work after training period, home office possible
- / Reimbursement of travel expenses
- / Loyalty bonus after half a year
- / 2-storey gym with personal trainer and physiotherapist

Many interesting and varied tasks await you at Vincotech, where you will find a modern working environment, a long-term perspective, an attractive salary and very good benefits. We will be delighted to welcome you to our company with flat hierarchies as well as an open and team-minded culture. And you are sure to be delighted with our rich and rewarding professional development offering.

We welcome your application and look forward to discussing how Vincotech can become your next career choice.
