

RoHS Statement of Non-Use of Restricted Substances 2019

Directive 2011/65/EU of the European Parliament and the Council of the European Union (RoHS2 Directive) restricts the use of the certain hazardous substances in electrical and electronic equipment's and came into force on January 1, 2013.

The products affected by this Directive, if placed on the market after January 1, 2013, must not contain more than the permitted limit values of any of the following hazardous substances:

- 0,1 % (by weight of homogeneous material) mercury (Hg), lead (Pb), hexavalent chromium (CR VI), polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE) and
- 0,01 % (by weight of homogeneous material) cadmium (Cd)

On 4th June 2015 the European Union published Directive (EU) 2015/863 RoHS3 which amends Annex II of Directive 2011/65/EU (RoHS) with regards to the list of restricted substances.

To the list of restricted substances four phthalates were added. In the addition to the already banned restricted substances from 22 July 2019 onwards electrical and electronic equipment must not enclose more than 0,1% weight in homogeneous materials of the following substances:

- Bis (2-ethyhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIPB)

Vincotech

The Company

Vincotech GmbH

Biberger Straße 93

82008 Unterhaching

hereby confirms

that all its standard Power Modules are lead-free and do not contain Mercury, Cadmium, Hexavalent Chromium, PBB, PBDE, DEPH, BBP, DBP and DIPB according to the Directive (EU) 2015/863 RoHS3 which amends Annex II of Directive 2011/65/EU (RoHS)
