

Vincotech

flow 3xNPC 1

650 V / 15 A

Features

- Neutral-point-Clamped inverter
- Ultra fast switching
- Low Inductance layout
- Very compact design
- Press-fit pins

Target Applications

- Solar inverters
- UPS
- SMPS

Types

- 10-PY07N3A015SM-M892F08Y

flow 1 housing

Schematic

Maximum Ratings

$T_j=25^{\circ}\text{C}$, unless otherwise specified

Parameter	Symbol	Condition	Value	Unit
Buck IGBT				
Collector-emitter break down voltage	V_{CES}		650	V

LIFE SUPPORT POLICY

Vincotech products are not authorised for use as critical components in life support devices or systems without the express written approval of Vincotech.

As used herein:

1. Life support devices or systems are devices or systems which, (a) are intended for surgical implant into the body, or (b) support or sustain life, or (c) whose failure to perform when properly used in accordance with instructions for use provided in labelling can be reasonably expected to result in significant injury to the user.
2. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
